Hi Andrew,

We're having a correspondence clearance meeting this afternoon. Could your team do a quick update on DJE-MO-05366-2020 please as the garda figures and details within re recruitment etc. are now out of date. If you get a chance before 4.30 today we can get it off the list.

Thanks

Charlotte

Hi Fiach,

As discussed earlier, attached is the template response to reps re the Little Collins CBD Dispensary. If you can clear this response it can be used to clear over 30 reps.

Hi Charlotte,

I understand from Andrew Payne that there was due to be a correspondence meeting yesterday. Was the CBD draft reply raised at the meeting? We need to clear these responses soon due to the sensitive nature of the case.

Kind regards,
Gráinne

Hi Charlotte,

I currently have a petition re Little Collins CBD Dispensary on hand, approximately 30 cases. I understand from Sean Kilcoyne that the draft response is still awaiting approval from the Minister. Is there any chance of this being sighted by the MO soon? The response is a short one, and due to the nature of the case we're eager to clear it as soon as possible. I can give you a call about it if you'd like.

Kind regards,
Gráinne

Hi Grainne,

No we can do that – I expect we will need to run at least the template response by the Minister given it's a high profile case. Could you send me over the template when you can and, in the meantime, we can arrange for the cases to be set up on eCorr and assigned to you?

Sean, do you know how many cases there are approximately?

No I think it was just Andrew who approved it, will I ask him to have it approved by the MO first?

Hi Aisling,

I have the CBD petition response approved for issue, however it needs to be altered depending on what exactly the correspondent mentions in their email. Would you be able to tell me how many cases are in now? Depending on the number, Andrew has agreed that it would be easier for all of the cases to be assigned to me and be responded to in the normal way.

Kind regards,
Gráinne

Hi Gráinne,

I think start off with your standard CBD answer. Then say 'With regard to your comments on the COVID-19 pandemic' and give our general stuff on D/Health having responsibility and then on Gardai using 4Es etc. You can send it up to me then. I don't think we need to get into the Netflix stuff etc.
